

MEMORANDUM

Student Support Services Health & Physical Education

100 N. University Dr., Ste. 241-A, Fort Worth, Texas 76107
Student Support Services 817.814.2810; HPE 817.814.2595

2015-2016 Adopted Procedures for Referring Students to the School Nurse or Intervention Specialist for Sexual Health Services:

Process for a referral from School Staff to Sexual Health Service (SHS) providers:

Nurse and Intervention specialists who are credentialed mental health professionals may provide students with a list of SHS providers.¹ School staff must be sure to let the student know that the District does not endorse or specifically recommend any one provider.

3 Step Process for staff for referring students to the School Nurse or Intervention Specialist for Sexual Health Services:

A teacher or staff member who is approached by a student inquiring about reproductive health services or asking questions about sexual health issues will:

1. Immediately refer that student to either the school nurse or an intervention specialist who is a credentialed mental health professional.
2. After two days, the referring teacher or staff member will follow up with the school nurse or the credentialed intervention specialist in writing to ensure that the student has been seen.
3. If the student has not been seen, the nurse or the credentialed intervention specialist will follow up with the student.

All teachers and staff understand that a referral for sexual health services is confidential and will not share student information with anyone but the nurse or credentialed intervention specialist.

¹ In accordance with Texas Education Code §38.016 (c)(2).
